

Support Atlantis SC

Supporting the Future of Competitive Swimming

Atlantis Swimming Club is a community-based competitive swimming organisation located in Horsham, West Sussex. For over 45 years, the club has been dedicated to developing swimmers from beginner levels to national competitors. With a membership exceeding 200 young athletes, our objective is to deliver high-quality training and competitive opportunities to individuals from diverse backgrounds.

We are going from strength to strength in the pool winning the Sussex League for the third year running, maintaining our place in the premier division of the National Arena League and proudly sending more swimmers to National and Aquatic GB events as well Scottish, Irish and Swedish National competitions.

Our team of volunteers plays a vital role in coaching, management, and fundraising activities. Notably, the club has successfully raised over £10,000 through initiatives such as the 24-hour swimathon, garnering significant media coverage. These funds have been allocated towards acquiring advanced equipment, enhancing coaching qualifications, and replacing essential competition gear.

In addition to ongoing fundraising efforts, we seek to establish partnerships through sponsorships with organisations that share our core values of dedication, enjoyment, commitment, perseverance, community engagement, and family support.

Why Sponsor Us?

- ✓ Support youth athletes reaching county, regional, and national levels
- ✓ Help fund equipment, travel, and training facilities
- ✓ Boost your brand with local and regional exposure
- ✓ Align your business with positive community values
