Atlantis Fundraising

What a fabulous start to 2023!

I am so pleased to be able to share this fantastic news with you all.

Lord Sterling - Grandfather to Taryn - has donated £4000 our years target saying 'buy the stuff now, get the coaches signed up for their courses why wait a year, we hope this helps the club concentrate on giving the kids the swimming they love.....However, we hope it does not stop families fundraising..'

We are deeply touched by this and, to Lord Sterling, welcome to the Atlantis #swimfamily, we thank you and will keep you updated on how this extremely generous donation has helped the club, coaches and swimmers.

We are now able to order 12 swim bridges - 4 more than we originally aimed for, the coaches t-shirts have been replaced and the 4 coaches requiring the next level of training will be booked on upcoming courses.

Inline with Lord Sterling's wishes we will continue with our planned fundraising for 2023. The first of those initiatives is Foundation Squad's second hand kit sale at the Atlantis March Madness Meet.

Jade is happy to collect good quality swimwear, Atlantis kit and swimming kit such as fins, etc. from the Pavilions. Please have a look for any unwanted swimming gear and contact Jade on 07876 524246 to arrange collection. Thank you for your support.

The new fundraising thermometer is here, with a brand new total to raise£8,000!!! We are already half way there and it's only February. Come on Atlantis, we can smash this!!

As we have unexpectedly hit our initial target, we are able to focus on our next phase of fundraising with the aim to buy 8 backstroke ledges and storage rack. If we are able purchase all 8, together with the swim bridges and the underwater headsets, already in use, this will elevate the club further and we will boast some of the most advanced training equipment available to swimmers and coaches. Ensuring Atlantis remains amongst the top clubs in the region.

PLEASE SUPPORT ATLANTIS SC.
